Braun, Malwany, Attain Highest Ranks in Class

TOP SCHOLARS: I. to r.: Leon Bernstein, Pearl Malwany, Robert Braun.

Top scholars of the graduating class of January 1964 were announced early in October. Heading the list are Robert Braun, 8A, Pearl Malwany, 8F. and Leon Bernstein, 8C.

Robert Braun, with an average of 96.7, ranks first in the graduating class. He is President of the Tilden Forum, News Editor of Tilden Topics, Press Representative of the Drama Guild, and an Arista member. Robert, one of the three Tilden students who appeared on the television program, It's Academic, will compete in the "Arista Intra-City High School Bowl." In addition, he was a member of the Arista softball team, the Audio-Visual Squad, and the Math Team.

In the field of scholastic competition, Robert, as a junior, was a participant in the National Council of Teachers of English achievement awards competition, and this year received a Letter of Commendation from the National Merit Scholarship Qualifying Test. He plans to attend Brooklyn College and Columbia Law School to become a corporation lawyer

Topics Talks:

Shelter Drills: Practical or Purposeless?

On October twenty-ninth of this semester, one of numerous shelter drills was held in our school. Although this drill, involving almost 2500 students, was designed to provide practice in cases of attack, it did little more than to give pupils a chance to relax during a class. It is about time that we realized the futility of shelter drills in case of nuclear attack.

Presently, nuclear weapons containing more than 1000 times the T.N.T. in the Hiroshima bomb, are available to both the United States and the Soviet Union. Both of these nations respect each other enough to realize that an atomic war must not be inevitable.

At a distance of one mile from the relatively small Hiroshima blast. brick buildings were demolished. Will students standing on the second floor of a building that is not blast proof be safe from the immediate effects of an atomic explosion? Will they be safe from nuclear blasts by not standing near windows or doors? Obviously not.

Shelter drills of this type, required by the Board of Education, in order to avert panic and save lives, are certainly useless in case of an atomic attack that we hope will never come. They detract from time spent on education, a vital factor determining the future strength of our nation. We do not assent to unilateral disarmament nor do we favor fanatical exhibitions for that cause. We do, however, realize that shelter drills, as they are today, are inadequate for our present society.

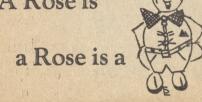

"... the flag that makes you free!"

The desecration of the flag of the United States is a federal offense. The national standard is symbolic of America, its ideals, its citizens, and its students. government, yet it is, without a doubt, being abused in this school.

provides laws governing the use and protection of the Stars and Stripes. When its soiled condition makes it no longer suited for display, it should the freshie is always in a "beat-the-bell" rush. be destroyed privately, preferably by burning. Violators of this code may receive fines up to \$250 and jail terms up to six months.

Our classrooms should be equipped with American flags that are fitting emblems for display and not soiled pieces of cloth. Citizens of this nation have died to protect our flag from dishonor, while it is being disgraced in numerous classrooms of our school. We put the responsibility of replacing these flags on the Board of Education, the student body, the General Organization, and the P.T.A. The American flag represents freedom and democracy; don't let it be desecrated.

A Rose is

Polyethylene Rose

By Susan Gitlin

America has long been acclaimed an affluent society. It has abundancies connected with almost every aspect of its culture. (Of course, there is a shortage of brain-power, but, then again, there's an abundancy of IBMs to compensate.) Also present in our society is the surplus of useless euphemisms.

Giant, Colossal, Stupendous

Typical of our euphemistic society is the disappearance of words such as small, medium, and large. Replacing these words are giant, colossal, and stupendous. If you question the credulity of this statement, go to your nearest supermarket and ask for a small box of detergent. Remember, you were forewarned!

No longer can a color be indentified by the use of one word only. Red can be either spritely-sweet-slightlyserene red or stark-striking-shockingsiren red or many more-than-tri- syllable expressions, but never just red.

Letter to the Editor

Dear Editor:

Tilden classes are forty minutes long. For most subjects, this allows sufficient time to cover a reasonable amount of work. However, during the health education periods, not nearly enough time can be devoted to required physical activity.

Approximately five minutes are set aside at the beginning and end of each gym period to allow the students to change clothes. The collection of health service notes, the checking of attendance and attire, and the calling of absentee names take up a considerable portion of the period.

After five minutes of exercise, the boys may go to their choice of activity. Unfortunately, the only activity in boys' gym is football. With onehundred and fifty boys in a class, there is little opportunity to "work up a sweat" while waiting on line to catch one of the only four balls. Finally, after about ten minutes, the frustrated Tildenite male returns to the locker room and prepares for his

In this day and age, in the light of President Kennedy's physical fitness program, it is indeed disheartening to observe the state into which Tilden's boys' gym periods have degenerated.

Time marches on, but can Tilden's Blue Devils? Every week, coaches Bernie Mars and Murry Adler seem to be plagued by the same imposing question. Why? This season, the Marsmen have not been at full strength for one single game. The Blue Devils have been besieged with injuries ever since the pre-season scrimmages.

However, all of the team's healthy ball players have flatly refused to roll over and fold up. Almost every week they have come out fighting; the sign of a winning football club.

Monday Morning Heros Dept.

While it is 100% true that all of Tilden's victories have come as the

with his breathtaking touchdown passes and runs. Jeff Karp and Jeff Yuzuk, although they are small in stature, have paced Tilden's ground game all season. Newly elected Co-Capt. Morris Keksler has exhibited his ability at both linebacker and halfback this year.

Finally, Tilden's unheralded, but bruising line has blocked like the Rock of Gibralter and tackled with the ferocity of tigers. Some of the men that have done outstanding jobs are center Jeff Dorsky; guards Shelly Lederman, Teddy Sandler and Seymour Cohen; tackles Howie Horowitz and Alan Labelson, and ends Madison Brown, Jerry Guber, and Alan Forst.

Keglers Open Season

independent research, off-campus intellectual activites, and supplementary tutorial sessions with faculty members. The aim of the program is to promote the maximum achievement of its participants.

The Scholars' Program is an outgrowth of Brooklyn College's Honors' Program which offers honor projects and courses for superior students. Originally introduced as a three-year experiment, the program will undergo a comprehensive evaluation in the next six months, Dean Lewis revealed.

Six Graduates Participate

June 1963 Tilden graduates now part of the program are Harvey Aiges, Sally P. Margulies, Stanley D. Noval, Sandra L. Rabinowitz, Marc Schless, and Michael Trigoboff. While attending Tilden, all were members of Arista.

Sally was News Editor of Tilden Topics and President of the Tilden Forum. Stanley served as President of the Drama Guild and Art Editor of Topics.

Sandra was Editor Emeritus of Topics and also a member of the Drama Guild. Michael was Feature Editor of Topics.

tole Epstein of the Social Studies Department, Tilden's Community Service Club has chosen its officers.

Lois Rakoff, W51, is the new president; Judy Klein, N51, is the vicepresident. Elected treasurer was Shery Miljoner, G51. The newly elected secretaries are Susan Fischer, A3, and Karen Michaels, H3.

UNICEF, Clothing and Book Drive, Hospital Drive, and Youth Groups constitute the various committees of

UNICEF undertakes the selling of greeting cards and novelties. The Clothing and Book Drive collects old volunteers doing hospital work. Various youth organizations are assisted by the youth group.

Meetings are held on Wednesdays during the long A.M. official period This term there are approximately
